Account Ledger received and filed. Craig questioned was the payment to PLM for \$3,150.00 for the Phoslock. Lucy Zeestraten said she thinks it was. Ron asked if we had more money coming into the account on summer taxes. Lucy said no, what we have is what we get but will check with Christy to see if we are excepting any delinquent taxes. We do set summer assessments. Ron states that we had a payment for \$1,485.75 and if we have another payment like that we will be broke. Theres not much money in the account.

Casey called Carolyn Reider and stated he would not be able to make the meeting. Terry asked how the algae was on the lake. Carolyn stated that right now its pretty good. Not sure what he's going to do today. Ron asked what did we treat last year that was right around \$500.00. Carolyn stated it was right around her area and down to the right of her house. Ron asked if that was algae and Carolyn replied yes. That was the middle of summer last year. That's when the algae blooms when we have 90-degree days. Carolyn asked if they said what treatment did, they do for the \$1,489.75? Lucy said yes but doesn't remember off the top of her head so the next time she makes a payment she will mark it on the ledger. Ron stated that with everything going on he believes the price on the chemicals will go up. Terry states that they will probably start charging for gas. Ron states fuel surcharge. Nothing more about beavers and Carolyn states she hasn't see any.
